Transeuropa expand into Short Break market

April 19th 2005

Short breaks in Belgium can now be booked through TransEuropa Ferries new website:

www.tefholidays.com is operated by The Travel Market Ltd and offers short breaks in Belgium from only £49 per person.

The site features a selection of hotels in Ostend, Gent, Bruges, Brussels & Ypres.

“We’ve been asked whether we provide short breaks right from the start of our passenger service.” said Nigel Castle, General Manager UK “This represents a step forward in the development of passenger services from Ramsgate and offers cross channel travellers the chance to extend their mini-cruise experience”

Transeuropa do not carry foot passengers or coaches, so customers are assured of a relaxing crossing away from the more congested French ports. With freshly prepared three course meals served on board from only £7.95, and the beauty of Bruges a short drive from Ostend, Transeuropa truly offer a stylish alternative.
